CNSM 2020 invites proposals for one-day workshops, which will be held
on Monday November 2 or Friday November 6. The main purpose of the
CNSM 2019 Workshops is to provide a forum for researchers, developers,
operators, integrators, standards experts, and user communities to
address and discuss timely topics related to the main conference.

PROPOSAL SUBMISSION GUIDELINES

Each workshop proposal, in a single PDF file, must include:

1. Title of the workshop and abbreviation.
2. Names, affiliations, e-mail addresses, and a short (200 words) bio
   of the main organizers (e.g. TPC Co-chair(s), General Co-chair(s)).
3. A brief description (max. 1 page) of the technical issues addressed
   by the workshop.
4. Likely contributors and audience. State in which way the workshop
   would fit with and appeal to the CNSM 2020 audience.
5. Tentative Technical Program Committee (TPC).
6. The planned format of the workshop, including a strategy to
   facilitate lively and interactive discussions.
7. A description of the past editions of the workshop if applicable,
   including website address, and statistics of submitted/accepted
   papers and attendee numbers. If the workshop does not have past
   editions, please provide estimates and explain a strategy on how to
   reach the targets of paper submissions and attendees.
8. Publicity and advertising plan to attract paper submissions and
   attendees.
9. A draft of 1-page "Call for Papers (CFP)" including title,
   description, topics and important dates.

Submission of workshop proposals should be made to the Workshop Program
co-chairs of CNSM 2020 by e-mail to the following addresses:
